Sir:

In a telephone interview of March 16, 2004, the undersigned authorized an amendment to claims 10, 15 and 16 as set forth in the Notice of Allowability, to thereby place the case in condition for allowance. As to the amendment to claim 10, the Examiner's view was that the comparative testing presented in the specification is commensurate in scope only for claims limited to a thin coating film where layer (A) is between the substrate and layer (B). Claims 15-16 were amended to depend from claim 10.

Respectfully submitted,

Abraham J. Rosner
